## A TRIO OF INGREDIENTS UNIQUELY COMBINED FOR PROVEN EFFICACY

- For the prevention of heartworm disease caused by *Dirofilaria immitis*.
- For the treatment and control of tick infestations with *Amblyomma americanum* (Lone star tick), *Ixodes scapularis* (black-legged tick), and *Haemaphysalis longicornis* (Asian longhorned tick) for 5 weeks (35 days), and with *Amblyomma maculatum* (Gulf Coast tick), *Dermacentor variabilis* (American dog tick), and *Rhipicephalus sanguineus* (Brown dog tick) for 4 weeks (28 days).
- For the reduction of *Borrelia burgdorferi* infection as a direct result of killing adult *Ixodes scapularis* vector ticks.
- For the treatment and prevention of flea infestations and prevents flea egg production for 5 weeks (35 days); Simparica TRIO kills adult fleas (*Ctenocephalides felis*).
- For the treatment and control of roundworm (immature adult and adult *Toxocara canis*, adult *Toxascaris leonina*) and hookworm (L4 larvae, immature adult and adult *Ancylostoma caninum*, adult *Uncinaria stenocephala*) infections.
- For the treatment of demodicosis caused by *Demodex* spp. mites.
- For the treatment of sarcoptic mange caused by *Sarcoptes scabiei*.
